*Re: Recovery Zone Facility Bond Proposal for Broadway Stages,
Greenpoint Brooklyn*

Good Jobs New York opposes the current proposal to allocate Recovery Zone Facility Bonds to Broadway Stages for the development of a film and television production facility in Greenpoint Brooklyn. It is true that film studios in New York City create good paying, union jobs. However, this industry already benefits greatly from subsidies. Until the CRC can quantify the numerous tax breaks, grants and other subsidies this project is already eligible for (including those from New York State and for any potential environmental remediation) and makes those figures public, we urge the board to postpone voting on this project.
